

## MahaVastu Foundation Course

### Assignment 9: Effects of Utilities in 16 Directions of your home

**A Utility** is a machine, gadget or an appliance with a fixed functionality, used for performing, supporting or facilitating an Action. Utilities are mostly located in or nearby an activity area.

**The effect of any Utility in a direction is derived using the following formula.**

$$\begin{array}{ccccc} \text{Effect of Utility} & = & \text{Work of} & + & \text{Attribute of} \\ \text{in a Zone} & & \text{the Utility} & & \text{Zone} \end{array}$$

**Eg. Washing Machine is located in South-West zone.**  
Now, work of Washing Machine is to churn & wash clothes. Attribute of South-West Zone is Relationships. Applying the Formula:

$$\begin{array}{ccccc} \text{Effect of Washing} & = & \text{Churn \& Wash clothes} & + & \text{Relationships (SW)} \\ \text{South-Wes} & & \text{(Work of Utility)} & & \text{Zone Attribute)} \end{array}$$

Hence, as per MahaVastu Methodology, effect of Washing Machine is 'Relationships within family and with outsiders are getting washed away because of constant churning'.

**How to Manage Negative effects of Utilities in a building?**  
(Eg. Washing Machine in South-West Zone)

First, we apply this basic approach to correct the effect.

- Because of the Washing Machine in the SW, zonal energy to maintain Relationships is in turmoil.
- We use the Element of SW (Earth) to balance this turmoil of energy.
- Adding Earth in any form of Color, Shape or Metal will maintain the energy of the SW Zone.

In the next level, we can fine-tune the corrective approach by using Dishal Bal/Bar Chart Analysis.

- If SW Zone is balanced in Bar Chart analysis, use yellow mat or Yellow color tape to keep the energy of the SW Zone intact.
- If SW Zone is reduced, then we can keep yellow mat or yellow color tape or Brass strip to balance the SW Zone. If the SW Zone is extended, then keep a white mat, or apply white color tape or iron strip for the management of Washing Machine.

#### Action List to Complete Assignment

1. **Fill Table 9** from Left to Right for Utilities placed in 16 MahaVastu Zones of your Home.
2. **Columns A and B** are already filled with 16 MahaVastu zones and their attributes with your reference.
3. Now, complete **Columns C, D, E and F** by following the given instructions.
  - In **Col. C**: Refer your home map and write the Utilities at your home in relevant MahaVastu zones.
  - In **Col. D**: Write the Work of each Utility (Refer Annexure 9 on page 5 to understand Work of common utilities in a home).
  - In **Col. E**: Use the given formula to derive the effects of different Utilities at your home. Then, relate these effects with your real-life experiences.

**Assignment 9: Effects of Utilities in 16 Directions of your home**

4. Fill Col. F only after you have learned the following **MahaVastu Techniques** on Day 4. Use these techniques to balance any negative effects of Activities in 16 MahaVastu zones at your home. • Elemental Strip • Tattva Shuddhi • Relocation • Color Therapy

**Table 9:** Effects of Utilities in 16 Directions.

A. Zone	B. Attribute	C. Utility*	D. Activity Function	E. Use Formula to derive Effect and Relate with your Experience	F. Suggest MahaVastu Solutions Yourself
<b>Eg. SW</b>	<i>Excellence, Skills, Relationships, Family, Ancestors</i>	<i>Washing Machine</i>	<i>Washing through churning</i>	<b><i>'Relationships within family and with outsiders are getting washed away'</i></b> . There are misunderstandings within family members + Not able to get along with new people and even losing touch with old friends Not able to acquire useful skills for my development.	SW Zone is reduced in Bar Chart Analysis, so put Yellow mat / tape or Brass strip around the Washing Machine.
NE	Insights, Mental Clarity, Wisdom, Motivation				
ENE	Reawakening, Recreation, fun, Happiness				
East	Govt. Connections, Social Associations, Networking				
ESE	Churning, Anxiety, Overthinking, Analysis				

\* Refer Common Utilities, their work and their Elemental Quality in a Home in Annexure 9 (Page 5). You can add more if needed (next Pages)..
