## 5 Causes of Astro-MahaVastu Siddhi based upon framework of SrimadBhagavad Gita

In KB's Vedic Astrology, Activities, Utilities and Objects (A) in a Building are represented by Boxes, Signs and Planets of a Horoscope. This theory/relationship makes the foundation of Astro-MahaVastu. Categorisation of A in a building versus Boxes, Signs and Planets of a Horoscope is done according to Utilization and characteristics of these Utilities and Objects based upon Fixed traits of Signs and Planets.

2. Karta Doer	<b>Object:</b> Main Objects in a building always perform core functions to drive activities of related contexts (Boxes) and achieve specific objectives of building occupants. These are the driving forces, so are represented by Planets in a Horoscope. Purpose or Context of a Box (Department) is fulfilled by an object or a person in Life.	Main Object is Cooking Range or Fire, represented by as Planet Mars.
3. Saadhan Resources	<b>Utilities:</b> An approach or style of working is fulfilled by certain Utilities represented by Zodiac Signs in a Horoscope. Signs represent a collection of ancillary Utilities to help a person or Key objects (Planet). Utilities are spread in certain directions, so Signs also represent MahaVastu Zones.	Cooking utensils and related ancillary utilities. Their design, theme and style will be according to traits of Signs. Sign also indicates MahaVastu Zone where main Object is placed to achieve this specific purpose.
4. Cheshtha Actions	<b>Sub-Object:</b> Planet Hits on Boxes and Planets add Traits of Planets to MahaVastu Zones, Main Objects and Sub-Objects in the form of quality, colors, shapes and emotions depicted.	Hits of Planets (Main Object) on a Box represents its position according to Box Cusp Sign.
5. Daiv Divine Manifestation	<b>Manifesting an Excellent Life:</b> Manifestation of excellence in one's Karma happens when there is a cosmic harmony between the Planetary punched birth card (Horoscope) and one's living and working environment (Building).
