### Assignment 2: Recognize and Relate Enablers in your Life Departments

#### Assignment Goals

- Learn to do your 2nd Level of Interpretation on your Horoscope and know what is manifested by the 9 Divine Treasures in your Life through 12 contexts (Boxes).
- Discover the correct way of interpreting manifestations by 9 Planets, also known as the Secret Foundation of Predictions.

#### Rules

1. Each Mental Approach (Sign) in the Horoscope has an owner which is a Treasure (Planet).
2. A Planet manifests happenings and experiences in contexts of Life (Boxes) occupied by its Signs.
3. These happenings and experiences are further shaped by the combined Traits & Qualities of the Planet, its occupied Sign and occupied Box (Ref. 9 Astro Statements in Assignment 1).

#### Rules for Rahu and Ketu

1. Rahu and Ketu become the owner of the Sign where they are placed.
2. Rahu/Ketu then manifest experiences of the Boxes occupied by other Signs of the original Sign Owner.
3. Rahu/Ketu also manifest experiences of the Box occupied by the original Sign Owner.

#### Important Points to keep in mind

- Making Interpretation(s) by combining Astro Statement(s) with other Signs and Boxes is called Level 2 Interpretation in KB's Vedic Astrology.
- These interpretations at Level 2 also remain fixed for an individual throughout his life.
- Each 2nd level interpretation for the 12 Boxes gives clarity on how to utilise your 9 Divine Treasures and appropriately manifest 12 contexts of life.
- Each interpretation also helps you to make appropriate decisions in 12 contexts of life with the correct Vedic Astro approach.
- Knowing which context of life is empowered by exactly which Planets helps you to select correct Vedic Astro Remedy measures.
- You can use synonym words for suggested keywords of Planets, Signs and Boxes to help you relate these with your reality in a better way for more accurate interpretation.

### Assignment 2: Recognize and Relate Enablers in your Life Departments

#### Action list to complete your assignment

1. Refer **Example 2** (Ketu in KB Sir's Horoscope) below and fill Assignment Table 2 (given on Page X) by reading your own horoscope.
2. **Col. B** is already filled with Planets.
3. **To fill Col. C:** Copy your 9 Astro Statements from Assignment 1 for each Planet.
4. **To fill Col. D:** Ref. Column E and G in your Horoscope, and write the relevant Signs owned by the Planet, and Box these Signs are on.
5. **To fill Col. E:** Create Level 2 Interpretation sentences using Keywords of Sign and Box in Col. D using the following format.

**Does [Sign keywords] for [Box keywords]**

Following this method, write your sentences for all Signs and Boxes in Column E of Assignment Table 2.

6. Finally, combine sentences in Column C and Column E of Assignment Table 2 to make complete single sentences which relate with your reality (Ref. Orange sentences in Example Table 2).

#### Special Comments and Notes

1. You can use words such as 'tells, suggests, provides, implements, etc. in place of 'Does' to get the most appropriate and relevant expression in your Interpretation.
2. Feel free to become creative in your word choices while sticking to synonyms, and rendering the correct sentence to match with your reality.
3. Remember, everyone has Magic, Beauty and Authority according to the positions of Ketu, Venus and Sun in different Signs or Boxes, and so on for other Planets. So, each Planet has unique Treasure grounds to explore for each person.
4. Even if your Interpretations are not matching with your reality, it is okay. Repeat the process yourself, then discuss stuck points with your Trainer after submitting your Assignment.
